

Day 37

08/04/2025

// LINQ

var → we can not initiation and  
declaration var in different  
line.

eg: → can not be return type.  
can not be parameter of the method.

var emp;  
~~var~~ emp = "Hi"; } → wrong.

var emp = "Hi"; } → correct.

var emplistvalue = from em in emplist  
select em;

where emp.username.ToLower() ==  
textnewusername.ToLower();

↓  
condition

// → or    && → and.
